Copyright policy:

To ensure that the contribution may not be copied without permission and so that OCAS can publish your contribution in the SteelyHydrogen Conference Proceedings, the rights to publish must be granted to OCAS NV.

Authorisation to publish:

The author agrees to grant OCAS NV permission for the reproduction of the above paper/poster for the purpose of the conference and the publication of conference proceedings in both printed and electronic format.

Furthermore, the author agrees to grant OCAS NV permission to propose a selection of SteelyHydrogen2018 contributions to Scientific Journal editors for possible publication. In this case, the Scientific Journal editor shall contact the author with full details about possible publication in the Journal.
